GAS PERFORMANCE AND STRENGTH IN A BATTERY-POWERED PACKAGE.

The high-speed motor and high-density lithium-ion batteries provide unparalleled power, while steel and aluminum parts ensure strength and durability. Equipped with two couplers for versatile attachment options, this kit offers ultimate efficiency that is only heightened with your ability to switch between the energy-conserving Eco mode or the robust Power Boost mode.

INDUSTRY-LEADING FEATURES. THAT'S THE STRENGTH OF THE **CUB CADET ADVANTAGE.**

40V MAX PERFORMANCE

The high-speed motor delivers unparalleled gas-like performance, separating the Cub Cadet models from other low-performing battery products.

CONVERTIBLE SYSTEM

The battery power head can accept a powerful curved shaft trimmer, high-performance axial blower and many other attachments (including a pole saw and hedge trimmer, sold separately).

HIGH-DENSITY BATTERY

The lithium-ion battery contains premium, high-density cells to allow the trimmer to cut up to 2.5x around a football field on a single charge.
